

Diploma in Online Therapeutic Supervision

£1385

(OLT Certified)

This is a 6-month course and delivered entirely online. It will explore models and theories that have been developed for face-to-face supervision and show how these can be adapted to work safely and ethically online. The practical element of the course offers opportunities to develop supervision skills via group and individual practice whilst receiving excellent tutor support from a qualified online supervisor.

Start Date:	Expressions of interest
Compulsory Teaching & Learning Sessions Online:	Every Friday 8.30am – 10am (Where possible start times will be agreed with the group)
End Date:	6 months

* Inhouse supervision offered at reduced cost.

Counselling & Supervision Integrating Therapeutic Technology

£1385

This 6-month course is delivered in 2 parts online and is aimed at experienced supervisors who are unfamiliar with working therapeutically at a distance. Whilst it will brush up on models and theories developed for face to face supervision, it will encourage the development of specific models for online supervision. In addition to Tutor Observed Practice students will work with real supervisees.

Start Date:	Expressions of interest
Compulsory Teaching & Learning Sessions Online:	Every Friday 8.30am – 10am (Where possible start times will be agreed with the group)
End Date:	6 months

* Inhouse supervision offered at reduced cost.

Adapting Solution Focused Brief Therapy (SFBT) to working with online clients

£72

Explore how SFBT approaches and techniques can be used with online clients. This workshop has few time restraints and you can pace your learning to suit your other commitments. In addition to an e-book, which you can retain and refer back to, there are three PowerPoint presentations which have had an audio track added to simulate the tutor being in the room with you.

Start Date:	Self directed learning
End Date:	6 hours duration

Bespoke Course Development

Introduction to E-Counselling Skills

£212

The Introduction to E-Counselling Skills is in four parts, which must be completed in sequence. It introduces you to e-counselling using both text, via email and IM (instant messaging) plus webcam. This is divided between researching topics relevant to e-counselling, security and safety, online supervision plus assimilating and expressing your learning on this workshop through completion of an electronic questionnaire. This allows for practice email responses in addition to noting of thoughts and reflections.
